Optical Velocimetry: 29 May-2 June, 1995, Warsaw, Poland Read . (13 February 1996); doi: 10.1117/12.232998. Event: Optical Velocimetry, 1995, Warsaw, Poland 2. THEORY. Consider a nonabsorbing phase screen with a random height.. the correlation function of the screen transmittance may be approximated by a. (17) into Eqs. (28) and (29), we obtain for the far zone spectrum.
